

10th International PharmSci 2019 Conference – Sponsorship Opportunities

11–13th September 2019

Iconic Old Royal Naval College, Greenwich, London.

“Pharmaceutical Sciences in a changing world”

About

The Academy of Pharmaceutical Sciences (APS) is the UK-based professional membership body for Pharmaceutical Scientists. We represent individuals and organisations from around the globe, throughout their development, in the delivery of excellence in the Pharmaceutical Science sector.

The conference will showcase the best of pharmaceutical science from the UK and around the world providing insight into state-of-the-art technologies and a platform for the development of new pharmaceutical talent.

"The PharmSci Conference is the key event in the APS calendar. In 2019 we will have a revised programme with increased emphasis on the exciting new science and scientists emerging in this field. I look forward to seeing you all in Greenwich" – Professor Cameron Alexander, Science Chair.

DELEGATES
400+

Pharmaceutical Industrialists, University academics, professors, post-doctoral and PhD students, pharmacy & pharmaceutical sciences undergraduate students, regulators MHRA & EMEA, consultants, business owners and many more.

SPEAKERS
80+

Inspiring, key note speakers, experts in their field and award-winning scientists. Including six Plenary presentations and 20+ different themed sessions.

POSTERS
200+

Over 200+ posters on latest developments in pharmaceutical sciences from key University research groups and pharmaceutical companies.

Sponsor benefits

Promote and Showcase

You can present your brand, company and products to our delegates, meet potential clients and new employees face to face. Use the exhibition space to demonstrate your services and products to over 400 potential partners and customers.

The PharmSci Conference 2019 gives you the opportunity to connect with pharmaceutical industry, university research groups UK and globally, professionals and influential experts, and also to connect with future employees from the talented research students.
